1 Instituto Geológico y Minero de España
Geoscience Research Department
C/ Ríos Rosas 23, 28003 Madrid

2 Universidad de Granada
Geodynamic Department
Avenida de la Fuente Nueva s/n, 18071 Granada

3 Universidad de Jaén
Cartographic, Geodetic Engineering and Photogrammetry Department
Campus Las Lagunillas s/n, 23071 Jaén

4 Patronato de la Alhambra y Generalife
Servicio de Jardines, Bosques y Huertas
Real de la Alhambra s/n, 18009 GRANADA

What can you see?

What you can see with PROTHEGO

ADVANTAGES OF PROTHEGO METHODOLOGY

1. PROTHEGO methodology allows to identify Cultural Heritage in danger from a geological point of view.

2. Satellite remote sensing technology is a powerful tool to do large scale monitoring.

3. For very local phenomena small scale monitoring is required.

4. Numerical modelling allows to quantify geomechanical instabilities at different scales.
